

Zachery Q. Heindel

Web Developer | Designer | <https://zqhwebpro.github.io/portfolio/2026/>

York, PA | 717-818-4455 | zqhwebpro@gmail.com

Professional Summary:

Career Web Developer and UI/UX Designer who transitioned from graphic and front-end design into comprehensive full-stack engineering. Brings over ten years of cross-disciplinary expertise launching end-to-end web applications, e-commerce architectures, and data-driven client solutions. Highly skilled across the entire development pipeline—from interactive prototyping and design systems to custom WordPress/PHP development, React interfaces, and backend troubleshooting. Dedicated to technical refinement, clear cross-functional collaboration, and delivering dependable, polished digital products.

Core Skills:

- **Languages:** JavaScript (ES6+), TypeScript, PHP, C#, Python, SQL, HTML5, CSS3/SCSS
- **Front-End & Frameworks:** React, .NET, Responsive/Adaptive Design, REST APIs, JSON
- **CMS & Commerce Architecture:** WordPress (Custom Theme & Plugin Development), Sitefinity, Shopify, Webflow
- **UI/UX & Product Design:** Figma, Adobe Creative Suite, Design Systems, Wireframing, Rapid Prototyping
- **Infrastructure & Optimization:** Git, GitHub CI/CD, AWS, Cloudflare, Apache/Nginx, CRO, A/B Testing, Core Web Vitals

Work Experience:

EZMarketing — Web Designer/Developer

Lancaster, PA | Mar 2020 - Apr 2026

- Led the complete lifecycle for dozens of custom SMB websites—building platforms from prototype through launch, while actively resolving complex bugs, performance bottlenecks, and ongoing maintenance needs.
- Interpreted and audited legacy PHP and .NET frameworks to engineer custom-programmed functionality from scratch, translating complex system logic into maintainable, high-performing web features.
- Streamlined multi-channel e-commerce operations by engineering dynamic ecosystems that unified storefronts, automated email workflows, and webinar platforms—directly driving over \$100K in recurring monthly client revenue.
- Spearheaded front-end quality assurance across client projects, engineering fully responsive, WCAG-accessible interfaces aligned with modern technical SEO best practices.
- Managed hosting environments and server configurations via cPanel to troubleshoot PHP, database, and infrastructure issues—sustaining 99.9%+ uptime and fine-tuning server resources for optimal site performance.

Income Store — Front-End Web Developer

Lancaster, PA | Jun 2018 - Dec 2019

- Developed dynamic JavaScript and PHP front-end interfaces and high-converting landing pages across a high-traffic portfolio of 2,000+ web properties.

- Designed dynamic digital collateral, including interactive data visualizations/infographics, conversion-focused ad sets, and responsive HTML email templates to maximize user retention.
- Guided a small team of designers and analysts through continuous user research and conversion rate optimization, deploying advanced analytics and multivariate testing to maximize platform performance.
- Collaborated with the DevOps team as the front-end developer to build intuitive UI/UX dashboards on AWS, streamlining system alert monitoring and reducing internal operational friction.

Weber Advertising & Marketing — Web Developer

Lancaster, PA | Apr 2017 - Apr 2018

- Delivered custom full-stack web development and multi-channel advertising collateral for agency commercial clients, elevating visual branding and user experience.
- Maintained version control workflows and automated continuous deployment via GitHub; partnered with backend engineers to troubleshoot server-side logic and form-processing workflows.
- Bridged digital and print design disciplines to deliver cohesive brand experiences—producing everything from production-ready web assets and UI components to commercial signage and print collateral for regional SMB clients.

Education:

Art Institute of York – Pennsylvania | York, PA

Bachelor of Science, Web Design and Interactive Media | 2013 - 2016

Bradley Academy | York, PA

Associate of Science, Media Arts & Animation | 2005 - 2007
