## Professional Summary:

Versatile Web Developer and UI/UX Designer with over a decade of experience architecting end-to-end digital solutions, custom web applications, and high-converting e-commerce platforms. Bridges the gap between aesthetic design and robust technical execution—specializing in custom WordPress/PHP engineering, modern JavaScript frameworks (React, Next.js), responsive UI/UX, and performance optimization. Proven track record of spearheading data-driven conversion rate optimization (CRO) strategies and engineering scalable architectures that drive measurable business revenue.

## Core Skills:

- **Languages & Core:** JavaScript (ES6+), TypeScript, PHP, SQL, HTML5, CSS3/SCSS
- **Front-End & Frameworks:** React, Next.js, Liquid, Responsive/Adaptive Design, REST APIs, JSON
- **CMS & Commerce Architecture:** WordPress (Custom Theme & Plugin Development), WooCommerce, Shopify, Webflow
- **UI/UX & Product Design:** Adobe Creative Suite, Figma, Design Systems, Rapid Prototyping, Wireframing
- **Infrastructure & Optimization:** Git, GitHub CI/CD, AWS, Cloudflare, Apache/Nginx, CRO, A/B Testing, Core Web Vitals

## Work Experience:

### EZMarketing — Web Designer

Lancaster, PA | Mar 2020 - Apr 2026

- Architected and launched dozens of bespoke, ground-up WordPress solutions for SMB clients, owning the full lifecycle from technical discovery and wireframing through deployment.
- Engineered scalable multi-site e-commerce ecosystems and integrated omnichannel marketing funnels (automated email workflows, CRM syncs, live webinars), directly generating over \$100K in recurring monthly client revenue.
- Programmed proprietary WordPress themes and tailored plugins utilizing PHP, ACF Pro, WooCommerce, and LearnDash to fulfill complex, non-standard business requirements.
- Diagnosed and resolved mission-critical database, PHP, ASP.NET, and server configuration errors, sustaining 99.9%+ operational uptime and optimal page load speeds across managed client platforms.
- Collaborated directly with cross-functional marketing and design teams to ensure WCAG accessibility compliance, mobile responsiveness, and SEO best practices on all builds.

### Income Store — Front-End Web Developer

Lancaster, PA | Jun 2018 - Dec 2019

- Developed dynamic JavaScript and PHP front-end interfaces and high-converting landing pages across a high-traffic portfolio of 2,000+ web properties.

- Spearheaded user research and CRO initiatives—deploying multivariate A/B testing, heatmaps, and funnel analytics to systematically boost conversion rates and qualified lead generation.
- Led UI/UX design and front-end engineering for internal DevOps monitoring tools on AWS, creating streamlined dashboards that automated system alerts and reduced internal operational friction.
- Designed dynamic digital collateral, including interactive data visualizations/infographics, conversion-focused ad sets, and responsive HTML email templates to maximize user retention.

## **Weber Advertising & Marketing — Web Developer**

**Lancaster, PA | Apr 2017 - Apr 2018**

- Delivered custom full-stack web development and multi-channel advertising collateral for agency commercial clients, elevating visual branding and user experience.
- Maintained version control workflows and automated continuous deployment via GitHub; partnered with backend engineers to troubleshoot server-side logic and form-processing workflows.
- Unified brand identity across mediums by producing print advertising, commercial signage, and optimized web creative for regional SMB clients.
